Python Libraries

Manchester, UK

I LEARN PYTHON IN MY FREE TIME THROUGH MAKING SMALL PROJECTS.

January 2019 - now

- Pandas - program for processing my bank statements.
- Folium - web-based maps that fetch information from a json file.
- Flask - for making my own small websites. Adding databases using SQL.

Work Experience

JG Ross, KFC, Domino's, Wetherspoons

Scotland, Manchester, UK

ENTRY-LEVEL CATERING BUSINESS POSITIONS

Aug. 2018 - Oct. 2019

I took a gap year to work before university. In this period, I have worked in four catering companies in five different places. I have learnt how to work under pressure, be a great team player, how to lead and how to take on personal responsibility.

Skills

Programming

Java, Python, Pandas, Django, Flask, Folium, HTML, CSS, JS, SQL

Tools

Git, Linux CMD, Atom, Eclipse, JetBrains IDEs (PyCharm, IntelliJ, WebStorm, etc.)

Languages

English, Russian

Hobbies and Interests

My volleyball team was the best around all schools in Moscow for two years. Now I play in a university team. I love photography and have an account on Instagram where I share my work. I was in the Computer Science Society at the start of the academic year and helped them organise a hackathon here in Manchester. I believe there is always some space for self-improvement and I study psychology with communication science in the time I have left to better understand and communicate with people
